REPORT ON OPERATIONS

25X1A

6. [ ] reported there was no change to the launch schedule.  
Schedule is as follows:

25X1D

CORONA

1109 - 18 Feb 70

25X1A

7. In discussion mission 1108, [ ] noted that the 15% cloud cover encountered on the first bucket was about the best weather ever experienced on a KH-4 mission. Regarding the second bucket, he noted that after the twelfth day there was 41% of the film remaining and that the NRO was considering keeping the mission up for 19 days as originally planned.

COLOR PRIORITIES - MISSION 1108

8. In addressing color requirements for mission 1108, [ ] stated that it was DIA's view that ICRS should not upset the priorities established at the beginning of the mission and would prefer that it be programmed as if it was black and white. The CIA member noted that while he did not disagree with this philosophy, he was of the opinion that ICRS should review the targets that would be accessed so that a preference could be stated.

25X1A

9. Since the NRO had not decided on the duration of the mission or at what point color film would be available it was decided that a special meeting to address color requirements would be held at NRO at 10:00, 19 December.

SOUTH CHINA/NORTH VIETNAM PRIORITIES LIST

10. Cdr. Bausch in addressing the South China portions of the priority list, recommended that the priorities be revised as follows:

ICRS-M-35

25X1A

- a). Assign a priority 1 to the CIA targets submitted at last weeks meeting along with some DIA nominations
- b). Lower existing priority 1's to priority 2
- c). Retain existing priority 2's at that level

25X1A

The CIA member stated that he could not agree to this proposal since it leaves the same gap between ICRS and the operator as was discussed at the last meeting. As an alternative, [ ] recommended that the list be abolished if there are not planned missions. If missions are proposed ICRS would provide guidance at that time. The Army, Navy and Air Force members concurred with the DIA proposal while the NSA member abstained.

25X1A

11. Chairman noted that the subcommittee had reached an impasse on this matter. [ ] stated that as Chairman he could take two approaches, namely, he could distribute a revised list with a footnote indicating CIA's dissent or he could forward the problem to the Chairman, COMIREX.
